

ARCHITECTURAL INTERN

Opportunity:

For a detail oriented design professional to establish and develop their expertise as an entry level Architectural Intern for Hixson, a Cincinnati-based architecture, engineering and interior design firm. This full-time key role will work closely with other architects, designers, and engineers on projects within a collaborative, interdisciplinary team. Requires someone with a strong interest, dedication and desire to turn designs into well-built solutions.

Position:

Reports directly to the Sr. VP, Architecture/Interior Design. Participates in the development of a project from preliminary design through construction documents and has an opportunity to work on a variety of corporate, retail and industrial design projects. This position will proactively interact with the architecture, project management and engineering teams.

Candidate:

- BA, Architecture (NAAB accredited); Entry to 3 years of relevant experience required
- Revit experience a plus
- Commitment to professional growth and completing registration
- An interest in specializing in commercial, retail or industrial design projects
- Proven self-starter with the ability to manage time and work priorities independently

Compensation:

Competitive compensation commensurate with experience, plus excellent benefits package; Hixson offers a team oriented work environment, opportunity for personal and professional growth, challenging projects, and ownership potential.
