

INTERIOR DESIGNER

Opportunity:

For a detail oriented design professional to establish and develop their expertise as an entry level Interior Designer for Hixson, a Cincinnati-based architecture, engineering and interior design firm. This key role will work closely with other interior designers, architects and engineers and requires someone with a strong interest, dedication and desire to turn designs into great solutions for our clients.

Position:

Reports directly to the Sr. VP, Architecture/Interior Design. Participates in the development of a project from preliminary design through construction documents and has an opportunity to work on a variety of corporate, retail, R&D, and industrial design projects. This position will proactively interact with the Interior Design, Architecture, Project Management and Engineering teams.

Candidate:

- BFA or BSA, Interior Design (CIDA accredited); Entry to 3 years relevant experience
- Revit experience required. Photoshop, Illustrator, AutoCAD experience desired
- Commitment to professional growth and completing NCIDQ certification
- Curious in nature; Interacts effectively in a team oriented environment
- Pan interest in specializing in commercial, retail, R&D, or industrial design projects
- Proven self-starter with the ability to manage time and work priorities independently
- Team player; creative and committed to quality of work

Compensation:

Competitive compensation commensurate with experience, plus excellent benefits package; Hixson offers a team oriented work environment, opportunity for personal and professional growth, challenging projects, and ownership potential.
